Camper Agreement

The primary focus of Durango Mountain Camp is to help motivated campers improve their reading, writing, spelling, and composition skills and to achieve personal and social growth. Within the 6-week camp session, there is a tremendous amount of material to be covered and academic work to be accomplished.

Listed below are points that a camper must agree to if he/she is to optimize the opportunities at DMC.

1. Campers must be prompt and on time to all academic sessions, meals and other scheduled events. Lateness by an individual will cause the entire camp to be off schedule.

2. Once campers are in their cabins for the night, there will be no leaving the cabin unless permission is granted by a Counselor or Camp Director. Since each day is full, campers need to sleep and be ready for the next day. On academic nights, campers are to be in cabins at 9:30 with lights out at 9:45.

3. Cabins are to be cleaned and inspected daily with a major cabin clean-up once each week.

4. If a camper breaks another person's property, the camper will pay for the replacement or repair of that property.

5. All campers must be honest, not steal, and show common courtesy.

6. Campers will be respectful to each other, Counselors, Academic Faculty and Guests.

7. Drugs, alcohol and cigarettes will not be permitted. Use of any illegal drug or alcohol will be grounds for immediate dismissal (without a refund) from DMC.

8. Campers may not leave the DMC campus without permission.

10. Campers may not swim or play in the river unless accompanied and supervised by a Counselor or other designated adult.

11. Helmets are to be worn for riding bikes, skateboards, and/or rollerblades. No bike riding after 8:30 PM.

12. There will be no inappropriate PDA (public display of affection) at Camp.

I understand why these agreement points are important, and agree to honor these points while I am at Durango Mountain Camp.
